

CHÂTEAU AMOUR 2011

AOC MEDOC

Terroir: One of the most remarkable features of Château de Panigon is its exceptional terroir. The estate is located on the slopes of Civrac-en-Médoc, North-east of the city of Lesparre, and benefits from the influence of both the Atlantic Ocean nearby and the Gironde river estuary. They offer together favorable climate conditions that help the vines to ideally grow and the grapes to easily reach excellent maturation.

The vineyard lies on gravel slopes that are worth the greatest terroirs of the Medoc. It is composed of three grape varieties: Cabernet Sauvignon (45 %), Merlot (50 %) and Petit Verdot (5%).

Harvesting: by hand and mechanical with selective plot sorting

Wine making: barrels 100 %, new barrels 33 %
From 6 to 8 months

Tasting note February 2013

Love is falling head over heels when you meet. Our “Amour” appears in a little black dress laced with violet ribbons. She turns your head with her perfume of fresh cherries, vanilla and chocolate, filling your senses. Her mouth is soft and sensual. Her freshness conquers your heart and makes it soar with pleasure. Her soft tannins caress you with their silkiness. When she brushes your lips her touch of liquor ice and delectable purity will long remain in your memory. That’s real love. That’s “Amour”.

Food matching: roast lamb, rib steak, ceps with parsley and garlic sauce, roast duck, strong cheeses
